Foot rails, handrails, stemware racks, food shields, partitions, stanchions, drapery rods and more can be fabricated in virtually any finish imaginable.

Coating- (Long life and wear resistant) available are; clear, anodized, plated, powder and wet application coatings. Colors are almost infinite, including custom colors. (Please contact our design staff)

Textures include metallic, textured, patina, mini-tex, copper, silver or gold vein, sandtex, wrinkle, flat, semi-gloss, satin, shadow, mirror, pebbled, hammertone, and sparkle.

Please contact Commercial Finished Metals Corp. for samples, design assistance or technical details on any of the above. Most products are available for indoor or outdoor use.

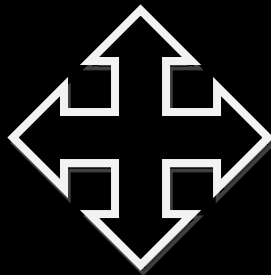

Commercial Finished Metals warehouses thousands of unique parts and can also custom produce your unique design to precise specifications. No project is too large or too complex. That said, we can also deliver small orders with the same attention to detail at extremely competitive prices.

Commercial Finished Metals Corp. maintains a staff of skilled professionals with proficiencies that are unsurpassed in the industry.

Our staff is available for onsite consulting, design and installation services. From start to finish our experts can work seamlessly with yours to assure a perfect result every time. Teams can be deployed anywhere you require in North America and beyond.

Traditional and Unique Stemware System Designs Offer More Options Than Ever

You'll never have to settle for a design or style that doesn't precisely match your requirements.

Standard slider units are available in 12", 16" or 23" sizes and racks in multiples of 3 or 4 feet. Custom lengths and drop dimensions can be produced to your specifications. In use, slider height is generally 6' 6" to 7' from the floor.

Standard tubing is 1.5" but 2" is also available, as is square tubing. Stemware racks can be fabricated in any finish and to virtually any length.

Bar Mount or Ceiling Mount
Vaulted, Cathedral and Angled Ceilings too!

Have a unique design that you'd like us to produce?
No problem. Our design team will be happy to assist you or we can work from your sketch, building plan or CAD drawing.

Food Shields & Sneeze Guards

**As with all of our products, flexibility is key.
So you're never limited to specific finishes or styles.**

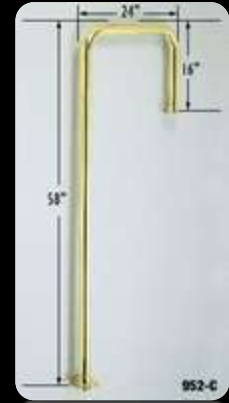

**All food shields can be configured as required and in all finishes.
Staff-serve or self-serve designs, special angles, widths and lengths.
Shields can be pre-drilled for wired applications such as lighting or warmers.**

**Just tell us what you need and we'll provide
a no-obligation quotation in short-order.**

**Portable Postless Foodshields Are Also Available
These mount only to wall hangers and not the serving table.
Ideal for permanent or changing self-serve areas.**

877-747-2457

Service Rails & Partitions

We partitions systems of virtual any size or shape and in thousands of finishes.

**Partitions with domed, flat, ball and other tops.
As well as, channel, grooved or clip panel attachment.**

**Service rails come in standard sizes as shown above or we can fabricate ANY
design and shape you can imagine. ALL FINISHES AVAILABLE.**
